**COMMERCIAL AND INDUSTRIAL
BUILDING REFURBISHMENT SOLUTIONS**

External Facade Refurbishments

Cost-effective refacing options

CLADDING / RENDERING / PAINTING

We offer external facade refurbishments for tired old buildings, as well as, end-of-lease make good services, including removal of signage and facade repairs.

Realise the maximum potential and appeal of your commercial property

A1 Precision Solutions can clad your building with modern cladding systems and materials. Rendering or a respray of the facade are also cost-effective options that can deliver dramatic visual improvements.

Interior Office Fit-outs and Refurbishments

Office fit-outs, extensions and upgrades

We deliver all office project works, all trades and services, from refurbishments to complete office fit-outs – including demolition, walls, ceilings, floors, partitions, joinery (kitchens and storage), office furniture, electrical and data.

Our services:

- Office extensions – including mezzanine levels, wall cut-outs, stairs and crossovers;
- Office partitions – solid or glazed;
- Ceilings and flooring, including wet areas;
- Climate systems (A/C) and lighting;
- Office furniture - workstations, filing cabinets, etc...
- Staff kitchens and bathroom refurbishments;
- Receptions, boardrooms, shopfitting and showrooms;
- Relocations, site closures and end-of-lease 'Make Good' services;
- Planned and reactive maintenance;
- All services – electrical, data, fire and hydraulic.

Our solutions include CAD layout design and optimization, giving you the optimal use of your floorspace.
